

# LE COUNT'S Patent Hollow Dogs.

## LE COUNT'S PATENT HARDENED BOLT DOG.

Strong and neat. For bolting to the Face-plate of the Lathe for turning Bolts, &c., with either four or six square heads. Machinists have made them of sheet-iron, often spending the time in making a single size and an inferior article that would pay for a whole set.

Price for a set of twelve sizes, from five sixteenth to two inches inclusive, \$3.00; single ones of any size, 35 cents.

## LE COUNT'S PATENT CLAMP, WITH HOLLOW BACK,

FOR BOILER MAKERS AND MACHINISTS.

The same as Machinist's Clamp, but much stouter and with longer leverage on screw; opens four inches and runs back four inches. The foot of both Clamps are milled square by the screw and therefore are not liable to slip.

Price of Boiler Makers' Clamp, \$4.00 each.

## LE COUNT'S PATENT HOLLOW LATHE DOG.

They are thin so that the tool can be used close to the centre; Strong and Light; they are of a shape to hold; the Screws are hardened in a way that they are not easily broken; they are perfect fits with full thread in the box.

## LeCount's Patent Machinists' Clamp, with Hollow Back.

A useful article in the Machine or Blacksmith's Shop, and for many other purposes; for instance on board a Steamship or Locomotive or round an Engine, to be used in case of accident. The screws are long and hardened, a perfect fit, with full thread in the box, and so strong that it is not possible to break one with the leverage given.

### SIZES AND PRICES :

2 inch, \$1.75. | 3 inch, \$2.00. | 4 inch, \$2.25. | 5 inch, \$2.50. | 6 inch, \$2.75.

A Machinist's Set of the Five Sizes inclusive, \$11.00.

*The Dogs have recently been altered, so that, strong as they were before, they are now of double the strength, and cannot be broken with fair usage.*
